*SUMMER 2010 BOOKLET*

### **BEGINNING MACHINE APPLIQUE**

**Sandy Schoettler**

In this 2 Hour class, you will learn how to set your machine for the satin stitch, and how to use fusible web. Then you will practice satin stitching around different shapes on scrap fabric.

*Saturday, May 1  
12:00pm to 2:30pm  
\$18.00*

### **BEYOND MACHINE BASICS**

**Diane Rusch**

In the past sewers would gasp at the thought of installing a zipper but with the notions available today, zippers are no longer frightening. Participants will learn tips and techniques for zipper applications, plus:

- Seam Allowances
- Elastic
- How to hem
- Markings found in patterns and what they mean
- Facings

*Wednesday, August 18  
5:00pm to 8:00pm  
\$21.00*

### **MACHINE BASICS**

**Diane Rusch**

If you are new to sewing or returning to sewing, this class is for you! Participants will become familiar with the mechanics of the sewing machine and put to use what you have learned by constructing 3 projects: a pillowcase, scissor caddy and pin cushion.

*Thursday, May 27  
1:00pm to 5:00pm  
OR  
Wednesday, June 30  
4:00pm to 8:00pm  
\$28.00*

*SUMMER 2010 BOOKLET*

### **PILLOWCASE WORKSHOP JELLY ROLL WITH A TWIST**

**Roxanne Mierow**

Learn a quick trick to making pillowcases that is fast and easy without sacrificing quality. Come prepared to make a set of two while you are here!

*Monday, May 17*

*2:00pm to 4:00pm*

**OR**

*Wednesday, July 28*

*5:30pm to 7:30pm*

*\$14.00*

### **T-SHIRT CONSTRUCTION**

**Diane Rusch**

This is the perfect season to become your own designer and learn how to construct a T-SHIRT! There are only 6 seams in a t-shirt, a neckline and a bit of hemming. This is a very doable project!

*Thursday, July 8*

*1:00pm to 4:00pm*

*\$21.00*
